I hereby certify that as the exhibitor of this project, I personally kept the records on this project and have personally completed this record book. ## **HENDRY COUNTY 4-H RECORD BOOK TIPS TO COMPLETING A RECORD BOOK**

1. Book should be complete and up to date before the fair/show. Record books are due at the close of the fair/show.
2. Neatness counts. Must be hand written by the exhibitor. For exceptions, contact the 4-H office for approval to be typed.
3. Write neatly. Use the same color of ink throughout the record book. Senior 4-H members must use pen and Junior/Intermediate 4-H'ers may use pen or pencil. If you begin with pencil, end with pencil. If you begin with blue ink, end with blue ink.
4. Make sure you have all your signatures.
5. List all project equipment/supplies. The judge grading the record books will be knowledgeable about the equipment needed for the project.
6. Be sure to write the totals in the boxes provided at the bottom of the columns.

<b>PURCHASE PRICE (\$)</b>
100.00
100.00

6. Be sure that there is something written in each box. If you are not able to complete the column, write -0- to show that you looked at the box but it did not apply to you.
7. Answer all the questions listed on the project story page. Use complete sentences, grammar and spelling. Be sure to answer all four questions using paragraphs. If you are unsure of how to answer the questions, ask your club leader, parents, 4-H Program Assistant, 4-H Agent, etc. In many cases, the judge will break the tie using the story.
8. Be sure to include a minimum of five (5) pictures. These pictures should be from start to finish of your project. Include pictures from when you purchased your animal, working with your animal, cleaning your animal pen/cage, attending workshops/clinics, showing your animal etc. Pictures should include a caption beside each one telling something about the picture. Do not take pictures all in the same day or overlap pictures in the record book.
9. Make very sure your addition is correct. If your addition is not correct, your project summary will not be correct.

I understand that success in this project is not only determined at the show, but also on how well I maintain my record keeping. I also understand as owner of this animal project, it is my responsibility to keep accurate and timely records.

# ANIMAL INVENTORY

Use this page to list all goats you own at the beginning of this project and at the end of this project. If animals were purchased during the project year, they must be included as ending inventory. ## EQUIPMENT INVENTORY

Use this page to record the equipment you had at the beginning of the project and at the close of your project. All equipment purchased after project begins should be listed under operating expenses. Depreciate your equipment at the close of your project. Depreciate items used in this year's project by 10%. Example: A waterer bought last year for \$5.00 would be worth \$4.50 ( $\$5.00 \times .10 = \$0.50$  -  $\$5.00 = \$4.50$ ).
