HENDRY COUNTY 4-H RECORD BOOK TIPS TO COMPLETING A RECORD BOOK

1. Book should be complete and up to date before the fair/show. Check rulebook for specific due dates for record books.
2. Neatness counts! Must be hand written by the exhibitor. For exceptions, contact the 4-H office for approval to be typed.
3. Write neatly! Use the same color of ink throughout the record book. Senior 4-H members must use pen and Junior/Intermediate 4-H'ers may use pen or pencil. If you begin with pencil, end with pencil. If you begin with blue ink, end with blue ink.
4. Make sure you have all your signatures.
5. List all project equipment/supplies. The judge grading the record books will be knowledgeable about the equipment needed for the project.
6. Be sure to write the totals in the boxes provided at the bottom of the columns.
Example, page , purchase price is

PURCHASE PRICE (\$)
100.00
100.00

A

7. Be sure that there is something written on each page or in each box. If you are not able to complete the column, write -0- to show that you looked at the box but it did not apply to you.
8. Answer all the questions listed on the project story page. Use complete sentences, grammar and spelling. Be sure to answer all four questions using paragraphs. If you are unsure about how to answer a question, ask your club leader, parents, 4-H Program Assistant, 4-H Agent, etc. In many cases, the judge will break the tie using the story.
9. Be sure to include a minimum of five (5) pictures. These pictures should be from start to finish of your project. Include pictures from when you purchased your animal, working with your animal, cleaning your animal pen/cage, attending workshops/clinics, showing your animal etc. Pictures should include a caption beside each one telling something about the picture. Do not take pictures all in the same day or overlap pictures in the record book.
10. Make very sure your addition is correct. If your addition is not correct, your project summary will not be correct.
